Gordon Smith, Sheriff

SHERIFF

Bradford County

NOTE: Assignment of address does not guarantee permit approval. You still need to see the Building Department for permits.

NOTE: Site Plan does NOT have to be on the survey, but the dimensions and measurements need to be accurate. We do not address parcels, we address only habitable structures! The Health Department Site Plan can also be used, you will need to just add the dimensions to it.

1. Proof of ownership (warranty deed, quick claim deed, etc)
2. A survey/plat plan or drawing showing the property lines of the parcel.
3. Location of planned resident or business structure within the property showing where the front door is and the distances/footage from **EACH** property line (if property is a large parcel, we will need the dimensions from **EACH** property line) to the structure. If the property has been split from a larger property, we will need to see the split on a survey and then the site plan within the newly split parcel. See sample below.
4. Location of the access point (driveway, easement, etc.) Please show how the driveway/easement is coming from the main road. Show the total footage of the driveway/easement. See sample below.

Comments / Additional Information:

Bradford County encourages all homes and businesses display a correct, visible street address. The address numbers must be clearly visible from the public or private right-of-way on the front of the building addressed. In addition, the building numbers shall be actual numerals and must be at least 4 inches tall and 1/2 inch wide and should be in a color contrasting to the background or building and preferably reflective. The numbers should be displayed on the front entrance of each principal building - and if it is not visible from the public or private driveway should be displayed at the top of the driveway and be attached to a post or fence so it can be clearly seen day or night. Make sure you keep your address clear and not obstructed by paint or shrubbery. Remember, if you can't see your address, neither can emergency responders!
